*Our Signature Grizzly Splice, A High
quality engineered finger splice that
exceeds belt manufacturer specifications
and provides extended warranties.*

Safety is our primary objective at Conveying Solutions, LLC. All CSLLC employees are MSHA trained and have weekly safety meetings. All Conveying Solutions technicians have been certified to the current techniques offered by the leaders in the industry: Fenner Dunlop, Shaw, Almex, Flexco, Continental, & Precision. Each splice comes with up to a lifetime warranty on workmanship and process.

Crews are on standby to get your plant up and running when the unexpected occurs.

CSLLC carries \$5,000,000 of General Liability Insurance with each employee being covered by a Worker Comp Policy

CSLLC can provide its customer with routine belt system inspections to help minimize costly down time.

We offer professional and friendly field technicians with various skills to provide solutions for those tough belting and system problems.

CSLLC is your Warehouse Solutions Provider!

CSLLC offers a full range of warehouse products & supplies to keep your business moving. Products include, accordion conveyors, roller conveyors, specialized rope products, hoists, pallet racking, & much more!
